

## OUT WITH THE OLD AND IN WITH THE VUE

Newland's \$23 million Riva Vue estate is meeting demand for affordable housing in Murwillumbah, providing buyers with diverse and modern living options in one of the strongest growth areas of the Tweed Coast.

With the current median price for an existing home in Murwillumbah at \$362,000, Riva Vue is now providing an affordable and modern alternative.

Riva Vue is offering house and land packages in the closest land development to the Murwillumbah Town Centre from just \$344,990.

Marketing agent Lance Cotterill of North Estate Agents said Riva Vue is a 'no brainer' as purchasers can buy a brand new house for less than they would pay for an existing home in the area. ■
